**The President, Committee & Members of
Perak Medical Practitioners' Society**

Fifteen months have passed into my term and am slowly strutting into the remaining nine months. How time flies.

This year's 74th AGM, being a non-election one, was held on 9th March 2014 in Symphony Suites Hotel, in conjunction with our Informal Night. Another historic event was the hosting of FPMPAM AGM by PMPS at the same hotel from 3.00 pm to 5.00 pm.

Prior to the AGM, there was a CME seminar 3.30 pm to 4.30 pm organised by Abbott who also sponsored the Hi-Tea. From 4.30 pm to 5.00 pm, there was an Introductory lecture on Dr Wu Lien Teh given by Dr Ho Tak Ming.

After this lecture and Hi-Tea, PMPS members numbering 31 returned to the hall for another exclusive lecture on 'Anemia Revisited' given by our Federation Secretary and Haemopathologist from Pantai Hospital Kuala Lumpur, Dr Gong Swee Kim from 5.30 pm to 6.00 pm.

The AGM went smoothly and was over by 7.15 pm. There were some deliberations with regard to tabling of the Audited Statement of Accounts. Generally the members were impressed with the attendances of Committee Members at Committee meetings. Most had 100 percent attendance. For this, I wish to thank my Committees whole heartedly for this enthusiasm.

Three Resolutions were adopted at this AGM by overwhelming majorities:

1. All New Ordinary and Life Members on admission shall contribute RM100.00 to the JIHC Fund.
2. The CME Talk preceding the AGM is called "The Dr Wu Lien Teh Lecture".
3. 6 Additions to the PMPS Constitution to be added under "Financial Provisions" as requested by ROS.

Earlier PMPS was given the honour of hosting the Federation of Private Medical Practitioners Association of Malaysia or "FPMPAM". This AGM was held in a separate hall and was attended by delegates from

all concerned states. Dr Yek Sing Chee was chosen as Hon. Internal Auditor for the ensuing year. The President FPMPAM, Dr Steven Chow stressed on the need of UNITY of all Doctors especially those in Private Practice to overcome the present challenges and the ones that are coming like Dispensing Separation, 1 Care under the guise of Transformation of Healthcare, the over production of Doctors without the availability of enough Teaching Hospitals to train them, nearly full complement of available quota of positions in Government Service so much so there is a long wait for Houseman Training Posts. After their AGM, they joined in our Hi-Tea and then joined our Informal BBQ Dinner with their families. About nine PMPS Committee Members attended the FPMPAM AGM as delegates.

The Informal Dinner, with an attendance of about 85 of our members and 15 FPMPAM delegates started at 7.30 pm with cocktails and dinner proper starting at 8.00 pm. After short speeches by the Organising Chairman and Emcee for the night, Dr Yek Sing Chee and by our President, the FPMPAM President Dr Steven Chow was invited to give his views on the current situation in Private Practice. He was also given the honour of giving out the prizes to the winners of our Sport Events. In the midst of the dinner, the members were kept entertained and busy with separate games for the children, ladies and men, all well conducted by our Committee Members, Dr Amarjeet Kaur and Dr Harbinder Kaur Gill. Prizes were given to as many winners as possible in each event. Food was reasonably good and there were free flow of

wine and beer. The Informal Dinner ended at nearly 11.30 pm.

At the Council Meeting in April 2014, to a suggestion by the President Dr Steven Chow, it was agreed that the Federation designate October 10th of every year as "Doctor's Day" and all state societies like PMPS shall arrange something for our members. The Federation will be having some seminars and a Gala Dinner on 10/10/2014 in Kuala Lumpur.

We, PMPS, are in the midst of arranging a Doctor's Family Day in Ipoh with a day trip either to Bukit Merah Waterfront to Sunway's Lost World of Tambun. All suggestions are welcome for its going to be your day.

Another happening at Federation level is the start of Federation Facebook site, Federation's Doctors' Page—an interactive page between doctors and patients. Please enroll as members. PMPS also has a Facebook Page with at present about 81 members. Please enquire from Ms Wendy how to be added in. We would like more members to join in our facebook and participate actively. No charges.

Lastly, a Public Forum was held in Sitiawan at Pioneer Methodist Church for its members on 27th April 2014, by Dr Marvin Chong from Fatimah Hospital. His talk included Dementia and Alzheimer's Disease. There was a good response of nearly 120 church members attending the talk. Our special thanks to Dr and Mrs Ting Sea Leong for the good organisation, the fruit hampers and the lovely seafood dinner after that.

Before I end, I would like to stress on the necessity for UNITY among Doctors in Private Practice to overcome many obstacles coming in our way. Dispensing Separation is already on the way, very soon, as early as next year. The Malaysia Pharmaceutical Society is fighting very vigorously for it. Only a united body of Doctors can prevent or delay the implementation. FPMPAM is working tirelessly for our benefits, and has also appointed a PR Company to look into our interests as a group.

Dr Kamalanathan AG Raju

PMPS Annual Golf 2014

This event was held on the 22nd June at the Royal Perak Golf Club. We had a total of 42 golfers, 36 men and 6 ladies. Thank you everyone for starting on time, which made our jobs as organisers very easy. On hand to help, including the distribution of the goody bags was none other than Wendy our PMPS Secretary. As expected, Dr Lim Tee Jin burnt the course and finished the net winner, a worthy PMPS Golf Champion for 2014. Well done! Congratulations also go to the Gross Winner, Dr Seet Chee Lin.

Golf was then followed by 2 fascinating medical talks. The first on Osteoporosis by Dr Ng Jin Tau of Perak Community Specialist Hospital, and the second on the new drug 'Dexlansoprazole' in the treatment of GERD by Dato' Dr Andrew Chua. These interesting talks were followed by lively discussions and a sumptuous dinner was held in Citrus Wine & Dine, generously sponsored by Takeda Malaysia.

Before concluding, the Committee would like to acknowledge the following sponsors: Gribbles Lab, KPJ Ipoh Specialist Hospital, Doctors Lab, CCM Pharmaceuticals, Pharmalink, Pharmaton Company and Par Golf Magazine, not forgetting also our PMPS President Dr Kamalanathan, Dr Lai Thian Seong and Dr Chew Teik Chye.

In conclusion, the event was a great success and a wonderful time was had by all. The hope is that next year, there will be more doctors participating and as always we will be giving our full support to next year's Organising Committee.

9th ASEAN Conference On Primary Health Care 2015

Primary care has always been one of the most important frontiers in healthcare system in most countries. For example, the Australian government has placed most emphasis on primary health care and its college of general practice has been very active and leading the way in policies making. The Malaysian government has not placed less emphasis in this matter either and also having lots of plans for our general practitioners.

PMPS is in the midst of organising the 9th Asean Conference On Primary Health Care. This is a biennial conference first started by PMPS many years ago and later co-organise with PGMES of HRPB (Post-Graduate Medical Education Society of Hospital Raja Permaisuri Bainun).

The date has been tentatively fixed from 24th-26th April 2015, (please mark your calendar!) and we are still in the midst of finalising on the venue, which is either Kinta Riverfront Hotel or Hotel Casuarina @ Meru. (Members' feedbacks are most welcomed.)

For the past, Asean conferences (or from as far as I could remember since the 5th Asean Conference), the response and participation from our own PMPS members have been less than satisfactory. We all from the Organising Committee are urging for more our own members to participate perhaps more eagerly in making this premier conference which is at our own door step a much more successful one.

Report on PMPS Games

Badminton, table-tennis and squash were played on Sunday, 23rd February 2014 at Ipoh Swimming Club. This was followed by a tea break, after which some players adjourned to the DBI Tennis Complex for their next game, tennis.

I would like to thank all the various conveners, Dr Yong Yew Kay (Badminton), Dr Lai Thian Seong (Table-tennis & Squash), Dr Yee Meng Kheong (Tennis), Dr Leong Siew Mun (Bowling) and Dr Chow Siang Yong (Golf).

These annual games are always fun. We look forward to more members and together with their families participating in future games. There is a special report on Golf separately.

*With fraternal regards,
Dr T Kumar*

BOWLING

Bowling was held on Wednesday 12th March at Ampang Bowl.

A good turn out of members with their families. The Men's Champion was (as usual) Dr Leong Siew Mun and the Ladies' Champion was Mrs Agnes Goh (Mrs Goh Dar Wen). Everyone who participated had a good time and went home with some prizes.

Announcements

1 PMPS/PERAK BAR (LAWYERS) GAMES

Scheduled for Sunday, 17th August 2014.
Members interested, please submit names.

The last challenge we had was in June 2012 where doctors came out victors in both the games held, tennis and darts. We will commence with tennis at the DBI courts followed by dinner & darts at Ipoh Club. We have quite a big golf fraternity, whether we would want to include this year with a round of golf?

Tour to Zhang Jiajie & Yangtze River Cruise

11th to 20th May 2014

11/5/14 Changsha

30 people took part. Flight from Hong Kong and then to Changsha were both delayed due to bad weather in Hong Kong, so sight seeing to Huangxing Street was cancelled.

12/5/14 Feng Huang

After breakfast, six hour bus ride to Feng Huang Ancient town, one of the most beautiful small city located in Xiangxi Tujia and Miao Autonomous Prefecture. Enjoyed gondola style boat rides on the Tuojiang river.

13/5/14 Zhang Jiajie

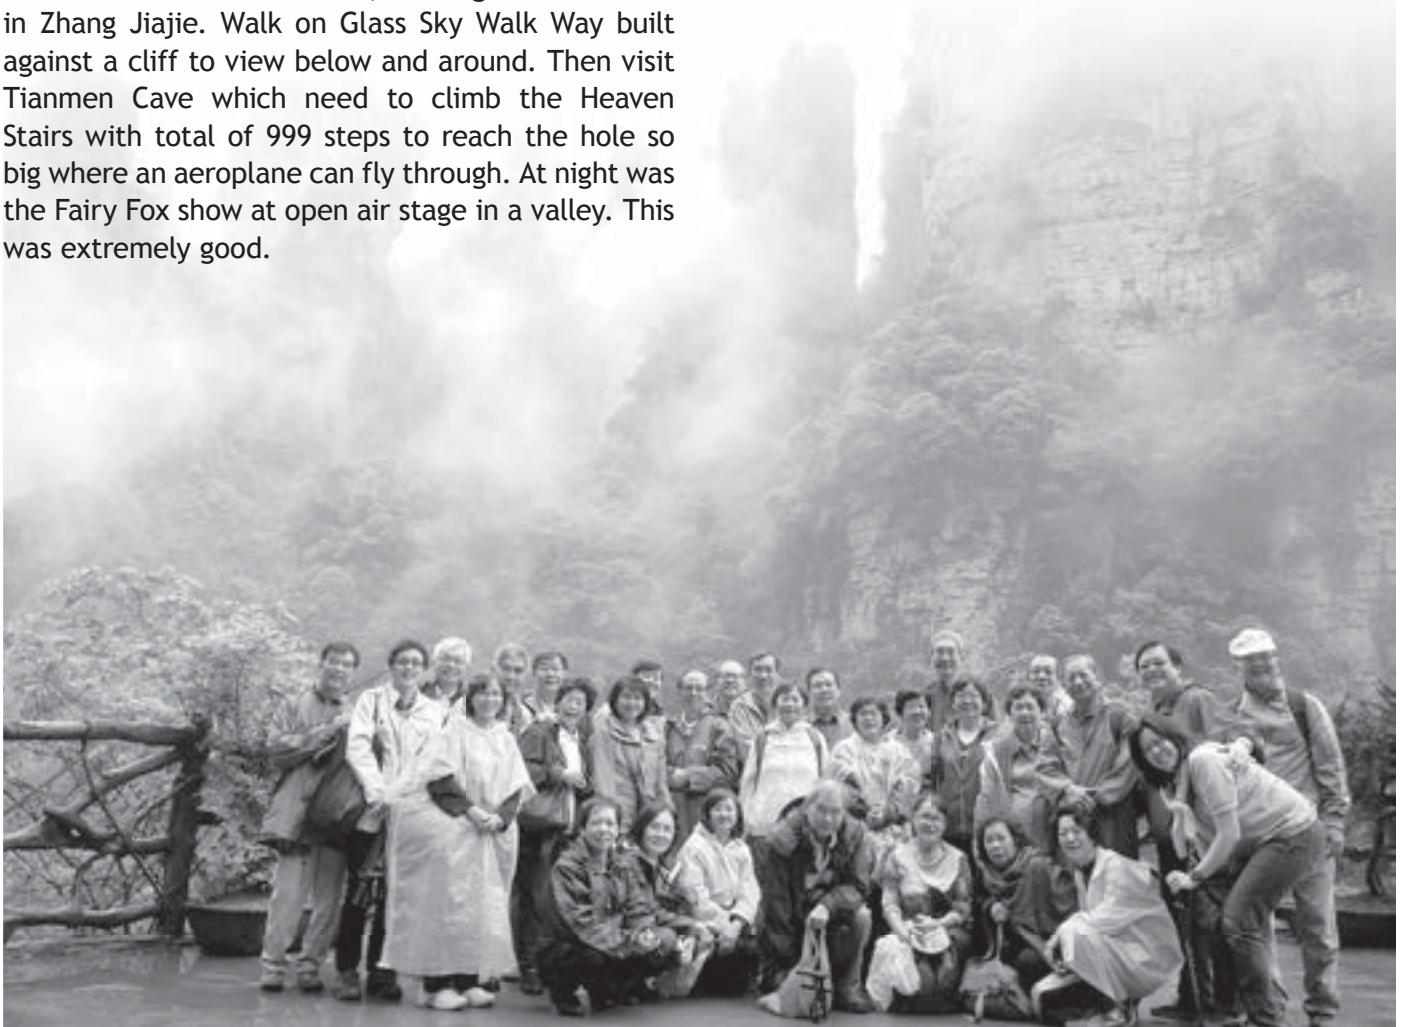

Bus departed 8am. Tour to world's longest cable car and visit Tianmen Mountain, the highest mountain in Zhang Jiajie. Walk on Glass Sky Walk Way built against a cliff to view below and around. Then visit Tianmen Cave which need to climb the Heaven Stairs with total of 999 steps to reach the hole so big where an aeroplane can fly through. At night was the Fairy Fox show at open air stage in a valley. This was extremely good.

14/5/14 Wulingyuan Scenic area

All the scenic areas lumped under this name. Too bad, drizzled all day with dense fog causing poor visibility. Many destinations cancelled. Ascend a cliff in the highest and fastest outdoor glass elevator in the world- Bailong Elevator. At night, performance by minority ethnic people during the Xiang Xi dance was very good.

15/5/14 Bao Feng Lake and Yichang

Situated at mountain top. The greenery around, including the green water with boats and jetty was mesmerizing. New art medium was shown to us at Junsheng Sandstone Painting Centre, 3D artform where coloured sandstones and bamboo are glued to canvas with amazing effect. After dinner, explored Xibu street.

16/5/14 Yellow Dragon Cave

In the cave were stalactites and stalagmites unnaturally lit up. Went boating in a lake before lunch. After dinner, we boarded the Century Paragon (5+ star cruise liner) for the Yangtze river cruise.

17/5/14 Xiling Gorge and Three Gorges Dam

Yangtze Dam is an engineering feat involving relocation of 1.4M people to higher grounds with a cost of RMB 180 billion. Largest hydroelectricity project in the world!

We saw how the 5 dams work enabling ships to pass when there is a difference of 135 metres or more in water level. On the ship there were many activities like tai chi, swimming, cinema, gym, line dancing & demonstration of Chinese Traditional medicine.

18/5/14 Wuxia and Qutang Gorges

We went by smaller boats to Sheng Nong stream (tributary of Yangtze). Had a short walk on river bank (cliff). Snuff bottle painting demo and pearl presentation.

19/5/14 Shibaozhai Pagoda

Shibaozhai is known as Pearl of Yangtze. Explored the pagoda built during the Ming Dynasty. After lunch, scarf wearing demo and disembarkation briefing.

20/5/14 Chongqing

As water level was low, our ship anchored at Fuling instead of Chongqing. One and half hour bus ride took us to Chongqing for sight seeing and shopping. Bad weather in Hong Kong delayed our flights from Chongqing. First group managed to fly back from Hong Kong, second group had to put up a night in Hong Kong.

Conclusion:

A very enjoyable trip despite the set backs.
